

AIR BLOWER

Application:

1. hydro massage bath tub, the nozzle of SPA large outdoor pool.

Features:

Corex Air Blower: AP series hot tub spa air blowers are first recommended products with low noise, long life, easy installation.

The casing is high reinforce and high temperature resistant engineering plastic.

Motor: low-noise air blowers' dedicated excitation motor which with dedicated thermal protection (VDE or UL approval) that can protect the motor.

Insulation class F and with thermal protection from T.I.

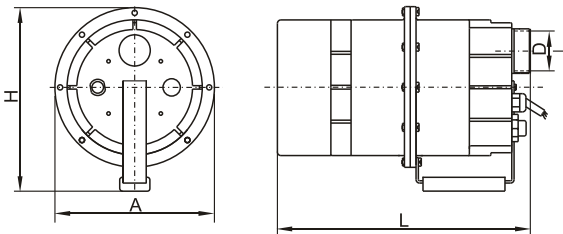

The carbon brush of the motor is import material.

The life is greater than or equal to 1000 hours (continuous duty). There is fuse inside the motor, pneumatic switch control for easy operation.

Certification:

1. CE European Union mandatory safety certification.
2. TUV German safety certification.
3. RoHS certification which restrict using certain hazardous substances in electrical and electronic equipment.

Installation type:

Model	Shape size (mm)						
	smooth outlet			threaded Outlet			H
