14″ FLEXIBLE VACUUM HEAD

WITH FISHTAIL EZ CLIP HANDLE

CX-T70

PRODUCT OVERVIEW

Crafted with a durable yet flexible body, the 14-inch vacuum head is engineered for effortless maneuverability across pool floors and corners.

KEY FEATURES & BENEFITS

Superior Flexibility

14-inch wide flexible body easily adapts to pool contours, ensuring complete floor and corner coverage.

Quick-Connect Fishtail Handle

Equipped with an EZ clip fishtail handle for fast, secure attachment to any standard telescopic pole.

Durable Construction

Built from premium-grade materials for long-lasting performance and resistance against pool chemicals.

Precision Bristle Design

Strategically placed bristles lift and capture dirt efficiently without scratching pool floor.

Smooth Glide Performance

Balanced weight distribution ensures steady suction flow and effortless underwater movement.

Ideal for All Pool Types

Perfect for routine cleaning in both residential and commercial pools, delivering spotless results every time.

MATERIALS & CONSTRUCTION

Flexible Body & Robust Frame

The frame adapts seamlessly to pool curves for everyday cleaning.

Durable Construction

Source states premium-grade materials and resistance to pool chemicals; specific material grades are not listed.

LENGTH	WIDTH	HEIGHT
