18″ HEAVY DUTY VACUUM HEAD

ALUMINIUM • WITH BOTTOM BRUSH

CX-T256

PRODUCT OVERVIEW

Precision-engineered for exceptional performance and durability. Premium-grade aluminium balances strength with lightweight handling, making it easy to maneuver across all pool surfaces.

KEY FEATURES & BENEFITS

Premium-Grade Aluminium

This 18-inch vacuum head delivers superior strength while remaining light and easy to maneuver.

Wide Cleaning Span

Covers more surface area in less time, ensuring fast and consistent results for residential and commercial pools.

Built-in Bottom Brush

Scrubs and loosens stubborn dirt particles for a deeper, more thorough clean.

Corrosion-Resistant Body

The aluminium body withstands prolonged exposure to chlorinated water, guaranteeing long-lasting performance.

Hydrodynamic Shape

Sleek design minimizes drag and maximizes suction efficiency during underwater cleaning.

Trusted by Pool Professionals

A trusted choice for pool maintenance experts who value durability, precision and effortless operation in every session.

MATERIALS & CONSTRUCTION

Premium-Grade Aluminium

Source-specified aluminium body combines strength, lightweight handling and corrosion resistance.

LENGTH	WIDTH	HEIGHT
