FOR ALL THE RIGHT REASONS...

The Wide Mouth Skimmer is a refined blend of compact design and powerful functionality, ideal for maintaining crystal-clear pool surfaces. Its round cover with a standard throat ensures balanced suction, enabling effective removal of floating debris without disrupting water circulation. Weighing only 2.20 kg, it offers ease of installation and compatibility with diverse pool systems. The 221mm cover diameter allows wide water intake, optimizing filtration efficiency. Crafted from premium ABS, it withstands exposure to sunlight, chemicals, and pressure variations. This makes it a dependable component for long-term use in both residential and light commercial settings.
