SMD LIGHTS

Resin-filled underwater lighting • 55W range

MATERIAL

Epoxy resin-filled LED light.
Resin-filled waterproof construction.

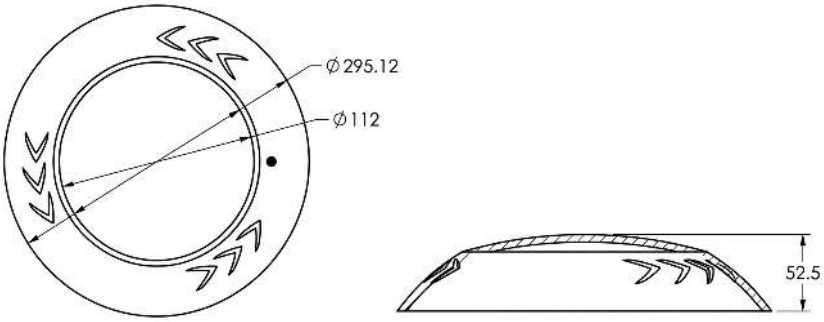

FEATURES & TECHNOLOGY

Resin Filled LED under water light, New technology advanced resin filled water proof light standard 16 programs with synchronization capability RGB, LED high technology Electronic control LED lights based on LED 3 colors, Red, Green and Blue. These three base color together can produce many other colors to create the perfect atmosphere in the pool. 16 pre programs effect can be selected with the on / off switch of your pools lights, also available warm white. The technology of true PWM is adopted on the light. High temperature production internal make working long life guarantee.

MODEL RANGE & TECHNICAL DRAWING

CX-50113 • CX-50114

CX-50115 • CX-50116

MODEL RANGE & TECHNICAL DATASHEET

Code	Watts	Color	Technology	V	Cable (m)
CX-50113	55	Warm White	PWM	12	4
CX-50114	55	Cool White	PWM	12	4
CX-50115	55	RGB	PWM	12	4
CX-50116	55	RGB - DMX	PWM	12	4

BASIC PARAMETERS

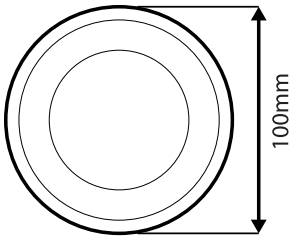

Working Temp -20C +80C
Epoxy Resin LED's AC 12V
Working Humidity 10% to 90% RH
High Brightness Low Consumption

SMD LIGHTS

Compact lighting • 07W & 36-LED ranges

07W RANGE • MATERIAL & PRODUCT VIEWS

FACE VIEW

MATERIAL / BASIC PARAMETERS

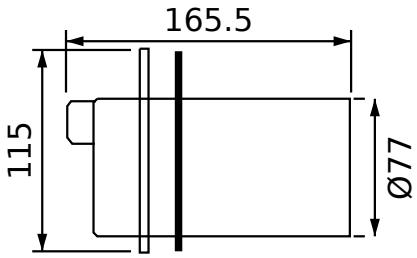

Epoxy Resin LED’s AC 12V
Working Temp -20C +80C
Working Humidity 10% to 90% RH
High Brightness Low Consumption

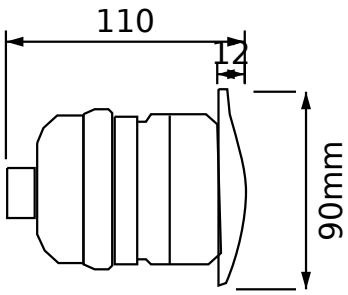

MODEL RANGE & TECHNICAL DATASHEET

Code	Watts	Color	Technology	V	Cable (m)
CX-50117	07	Warm White	PWM	12	4
CX-50118	07	Cool White	PWM	12	4
CX-50119	07	RGB	PWM	12	4
CX-50120	07	RGB - DMX	PWM	12	4

36-LED RANGE • PRODUCT & TECHNICAL VIEWS

Model	Code	Lamps	LED Lamps	LED Color	W	V	Cable (m)
LED 36HC	CX-50119	Color LED	36-LED’s	RGB	03	12	2,5
LED 36HB	CX-50120	Warm White	36-LED’s	White	03	12	2,5

EXPLODED VIEW

The supplied catalog provides assembled product and dimensional views only; no exploded assembly drawing or component list is supplied.
